

basket

With its lightness of design, the Basket Dining Chair brings uniqueness and style to any home - whether it be indoors or outside.

Basket is characterised by its semi-transparent shell consisting of an airy lightweight construction of flat, irregularly arranged aluminium bands. With its ergonomic design, both supreme support and a cocooning feel are guaranteed. Fully tailored, comfortable seat cushions, optionally with open or closed sides in over 20 fabrics, add additional seating comfort.

Together with the new solpuri dining tables 'Elements' or 'Rock', Basket Dining Chairs can be used to create a beautiful open-air summer dining room to enjoy outdoor living in style.

Designer: Klaus Nolting (DE), www.on3d.de

About solpuri

solpuri - inspired by the sun "sol" and inspired by design "puri": Since 2006, solpuri designs and manufactures exclusive outdoor furniture by combining the energy of the sun with the clarity of successful design. The designs carry life outside to open up new, sensual living spaces there. Attention to detail, timeless and modern interpretations of legendary Bauhaus designs and a commitment to the highest levels of comfort and quality are the hallmarks of solpuri outdoor furniture. Each piece of furniture is made of the highest quality materials by using the most modern production techniques combined with traditional craftsmanship under strict consideration of a careful sustainable use of resources.
